- Maintain confidentiality, given the sensitive nature of some projects
- Assist management and users with software related questions and assistance
- Perform miscellaneous job-related duties as assigned
- Other duties as required by the business
- Adhere to all company policies and all safety, food safety, feed safety, and sanitation rules and programs

Qualifications

- A.S. Degree in Computer Information Systems, or comparable experience
- Strong software development background
- Ability to understand and debug computer programs
- Self-motivated and strong problem-solving skills
- Expertise with MYSQL and other databases
- Strong communication skills

Knowledge, Skill Set, and Abilities required to do the job well

- Strong communication skills and ability to communicate effectively with employees at all levels
- Proficient in internet related applications, such as email, FTP/SFTP and how web browsers work
- Knowledge of the following languages:
 - ▶ HTML4/5
 - ▶ CSS3
 - ▶ JavaScript (jQuery/Bootstrap)
 - ▶ PHP
 - ▶ XML
 - ▶ MYSQL
- Understanding of website framework
- Ability to create mobile friendly designs, with easy to understand framework, no matter the screen size
- Ability to maintain a high standard of usability for all users, including accessibility
- Preferred - Ability to program in other languages, such as Ruby or Python
- Preferred - Ability to work with a dedicated server running Linux and WHM/cPanel

Comprehensive benefit package including: health, dental, and vision insurance; 401(k) plan; PTO; paid holidays; discretionary annual bonus.

Application Process
